

The logo features the acronym 'LAPG' in white, bold, sans-serif font inside a blue oval with an orange border. Below the oval, the word 'COURSE' is written in a smaller, blue, sans-serif font. To the right of the oval, the words 'LEGAL AID' and 'SUPERVISION' are stacked vertically in a large, bold, orange, sans-serif font.

If you need to attend a course to qualify as a legal aid supervisor, or check that you are up to date with the latest requirements, this is the course for you! Legal aid supervisors need knowledge of their subject and practice experience, which we can't do for you; but if you are new to supervision, or haven't supervised a full-time equivalent caseworker for a year in the past 5 years, this course will ensure you meet the LAA's generic supervisor requirements (Section 2(ii) of the Supervisor Self-Declaration Forms).

This course will help you meet a key component in securing and then effectively operating your legal aid contract.

You will learn:

- The LAA's requirements to be accepted as a supervisor
- How to fill in supervisor forms
- What the LAA's crime and civil contracts require supervisors to do
- Danger areas in the crime and new 2018 civil contracts
- How to use file review to protect your organisation from audits
- How to plan and manage work to ensure it is financially viable
- How to set and monitor targets
- Effective performance management techniques
- Feedback and communication skills
- How to keep up to date with LAA changes
