Do you have post qualification experience of housing litigation that includes representing in court on behalf of homeless people or people in housing need? Then join Shelter as a **Strategic Litigation Solicitor** and you could soon be playing a vital role within our Central Legal Team.

A home is a fundamental human need, as essential as education or healthcare. Yet millions of people across Britain struggle on a daily basis with homelessness, bad housing conditions, soaring rents, discrimination and the threat of eviction. So, we are striving for change — with individuals, in communities, across society — and leading the way to a safe home. We need ambitious, best-in-class individuals who are passionate about our cause to join us at this exciting time. This is your chance to play a part in the fundamental change we are striving to achieve.

### **About the role**

Shelter Legal Services is an expanding national team of solicitors and support staff that delivers the highest quality housing advice and litigation services from our network of offices around the country. Your challenge will be to provide litigation support to solicitors and advisers across all offices, carry a busy caseload and promote the strategic litigation work within Shelter. Exploring different ways of funding the work, including legal aid, crowdfunding, grant applications and pro bono will be important too. What's more, we'll rely on you to provide support on legislation and policy development to our Communications, Policy and Campaigns teams and proactively seek out housing and welfare test cases that will influence change as part of a campaigning strategy.

### **About you**

A qualified solicitor, you have substantial experience of handling a wide range of housing cases (public and private sector) on issues including homelessness, security of tenure and possession proceedings. You also have a sound knowledge of legal aid (publicly funded) work, including legal representation and legal help. A proven ability to meet the 2018 SQM supervisor standard in housing is essential too, as is a proactive, client-focused approach, a willingness to challenge the status quo and a real commitment to achieving positive results.

### **Benefits**

We offer a wide range of benefits, including 30 days of annual leave, enhanced family friendly policies, childcare vouchers, pension and interest free travel loans. Our employees also have access to a tenancy deposit loan, cycle to work scheme and an employee assistance programme.

Shelter helps millions of people every year struggling with bad housing or homelessness through our advice, support and legal services. And we campaign to make sure that, one day, no one will have to turn to us for help. We're here so no one has to fight bad housing or homelessness on their own.
