About Shelter

A home is a fundamental human need, as essential as education or healthcare. Yet millions of people across Britain struggle on a daily basis with homelessness, bad housing conditions, soaring rents, discrimination and the threat of eviction. So, we are striving for change, with individuals, in communities, across society, and leading the way to a safe home. We need individuals who are passionate about our cause to join us at this exciting time. This is your chance to play a part in the fundamental change we are striving to achieve.

At Shelter we are united by our purpose to defend the right to a safe home. Our enemy is the social injustice at the core of the escalating housing emergency. We believe that to win that fight, we must be representative of the people we are here to help and those who support our movement for change. In all our people decisions, we take pride in being inclusive, fair, equitable and transparent.

We have committed to combat racism both within and outside Shelter and welcome you on our journey to becoming a truly anti-racist organisation.

We'll also rely on you to provide consultancy work, technical supervision and line management and delegate work to ensure it's carried out efficiently and to the highest standard. Carrying out court representation, including at Housing Duty Possession Schemes, will be important too, as will ensuring funding is maximised on each case. And, when it comes to training and developing others, promoting our legal services or identifying referrals from internal and external sources, again, we'll count on you to deliver.

We are happy to talk about flexible working, personal growth, and to promote a workplace where you can be yourself and achieve success based only on your merit.
